

PUBLIC III

Operating Instructions

Turn On

Briefly push the button located at the front left. The LED above the button lights up to indicate the unit is "on".

Turn Off

Briefly push the button located at the front left. The LED above the button turns off to indicate the unit is "off".

Volume - Up

Push and hold the button located at the front right. The LED above the button turns on. While the button is held down the volume on the service side doubles (+10dB), the volume on the public side reduces by half (-10dB).
